

## COMMUNICATION

### DDIS has made the good choice!

When DDIS has decided to take part for the first time to EWEA Exhibition 14th to 17th March 2011, DDIS was not wrong !

Inquisitive and eager to learn more about the innovative technology of DDIS, our stand was where all the visitors meet :

- The main wind turbine manufacturers: Vestas, Nordex, Repower...
- Some potential manufacturing licenses based on USA, China, and Australia...
- High ranking suppliers: ABB, The Switch, Euros...
- ....

#### About DDIS

DDIS is an electrical engineering company founded in May 2008 by Jean-Marc Canini.

The objective of the company is to develop a new electric machine architecture having as main target wind energy production.

DDIS strategy is to sell licenses in France and worldwide.
